

Do you know what happens to your waste?

Why not come and see!

The Resource Recovery Group – Canning Vale Centre offers FREE TOURS of the facility so you can come and see first-hand what happens to your waste once it leaves the kerb.

Why not organise a tour for your school, church, community group or family!

For information on our free tours please email tours@resourcerecoverygroup.com.au or phone our Tour Coordinator on 9329 2700

For information on what goes in which bin, please visit recycleright.wa.gov.au
